ARLINGTON, MASS., WEDNESDAY, FEBRUARY 7, 1934

PRICE TWO CENTS

## Volpe Charge Against Gill Unanswered

The charges made by Assistant District Attorney Frank G. Volpe, of Arlington, that Howard B. Gill, suspended superintendent of the Norfolk prison had dealings with escaped prisoners from the colony will remain unanswered, according to Gill.

Speaking at a dinner of the Men's Club of the First Methodist Episcopal Church of Medford, Asst. Dist. Atty. Volpe told how Gill, through a former guard at the colony, dickered with escaped prisoners to have them return voluntarily but made no attempt to have them taken into custody.

Informed of the charges, Gill declared that it was "old stuff" and that he had never had such dealings.

"I'll be glad, at the proper time, to go over the facts again," he declared. "But, meanwhile, I prefer to maintain silence until the hearing is held."

Volpe, from court records, read the testimony of Harold Etheridge, former guard at the colony, in the trial of John E. Neville, 35, who is now serving a 20 to 30 year term in state prison. Etheridge, on the stand, revealed how he had asked Neville and another escaped prisoner, named Greenwood, to return voluntarily to the colony. He testified that he acted under Gill's instructions.

According to Volpe, Neville was sent to prison for four to six years for slashing a woman with a razor. He was transferred to Norfolk in June, 1930, and escaped in December of that year. A week later the alleged conversation between him and the former guard occurred.

An hour later, Neville allegedly attempted to rob a Waltham plant and wounded an employee, for which he was sent to prison for the term he is now serving.

## Murdered Pastor

The Rev. Gaylord V. Saunders, pastor of the First Methodist Church of Wabash, Ind., accused of whose slaying his wife, Naomi and Theodore Mathers, young embalming student, are held at Indianapolis. Police say the widow confessed to paying Mathers \$10 to kill her husband.

## Business Men Meet To Plan For Sale Days

Meeting at the invitation of Arthur J. Mansfield, Managing Editor of the Arlington Daily News, a group of local business men discussed plans for a Two-Day Sales Event at a luncheon in Wyman's English Tavern yesterday noon. The cooperative sales days will take place on February 16 and 17 and will be known as "Great Leaders' Days."

Emphasizing the need of better understanding and co-operation among business men, Mr. Mansfield said: "Within the past few years, the Arlington Daily News has sponsored at least four co-operative sales events, these being Arlington Days, Opportunity Days, N. R. A. Days and President's Day. In most every case these sales have been profitable to local business men, while others failed to reap the harvest. However, they have led to a better understanding that collectively, we can do more to promote the general welfare of local business."

"Recently, I was approached by several merchants asking that we put on another collective bargain day. It was believed desirable that February 16 and 17 be set aside for such a sale. The Arlington Daily News feels that it's responsibility is to keep ever alive and alert to promote business for local firms. Therefore we're eager to sponsor this sales event. Your success and ours are bound together. With a circulation of 9600 copies, we believe the Arlington Daily News is the proper medium through which the public may be aroused. Remember you don't make sales unless you have the contacts whether it's by radio or newspapers."

"In selecting Great Leaders' Days the name of this sales event we hope to instill in the minds of the people that courage, vision, aggressive and perseverance of Washington and Lincoln's times are needed today more than ever before. It is another step in our expression of confidence in the National Recovery program."

Several of the business men

present were then called upon to express their views and make suggestions in connection with this sales event. "February 16 and 17 is the ideal time for a special cooperative event," Manager O'Connell of W. T. Grant said. "The greatest need is the right attitude on the part of our business men. By offering new merchandise properly advertised and reasonably priced, Arlington businessmen should benefit from this sale. They should realize that the greatest competition today is between communities and not the merchants of the same town. The buying public seems to know more about Boston prices than we do. We must be able to show that we can compete with these prices and offer equally satisfactory service if we wish to keep business in Arlington. Let's pull together in this sales drive to make Arlington a better trading area." Mr. O'Connell said.

Cliff Miller, of the Arlington Buick Company, and William G. Tenney local Hudson-Essex dealer stated that not only are they planning to take an active part in the event but also expressed the opinion that local automobile dealers would gladly co-operate. Manager Taylor, who has just succeeded Robert Patterson as General Manager of the Arlington Gas Light Company stated that co-operative sales have always been unusually successful in Lawrence where he was formerly located. Walter Chamberlain, of the Arlington Cooperative Bank suggested that each store advertising in the Arlington Daily News might feature one special bargain for Great Leaders' Days. He stressed the fact that on such sales days people were interested in bargains and prices should be emphasized. Among others who spoke were William Platine, Chairman of the commercial division of the Arlington Chamber of Commerce; Harry Waldfogel of the Pioneer Market and Manager Boyajan of the Capitol market.

## CITY FORM OF GOV'T FOR ARLINGTON WINS IN A. H. S. DEBATE

The Arlington High School Dramatic Club gave a debate last evening at the Junior Women's club which met in the Robbins Library hall.

Resolved: "That Arlington should become a city," was the topic of debate. On the affirmative side were Francis Ahern and James Donnelly offering as important reasons, the improvement in public utilities, finance and a more efficient government to be had under the city manager plan. Lester Peterson and Philip Sullivan served for the negative saying that Arlington is now controlled in a well managed way which is popular with the citizens. The affirmative won by a decision of the judges.

Albert Wanderly, Boston attorney and resident of Arlington, presented an interesting talk on the various departments of the town government explaining duties and how the different bodies are elected.

Regular business of the club was taken up and volunteers were asked to respond to the building up of the chorus which is to sing at the club's President Day on March 19. The next meeting will be held Monday Feb. 19.

## Local Man To Promote Week- end Retreat

A weekend retreat for men will be held at St. Gabriel's Monastery, 159 Washington st., Brighton, over the weekend of March 9th to 11th, promoted by John B. Davidson, 61 Freeman st., Arlington, of this district.

A closed retreat is distinct from any other religious or social activity in this; That a retreat lives for forty-eight hours in a world set apart from speed, worry, strife and universal unrest. The whole spirit of a retreat drives away distraction—the million annoying trifles—the persistent thoughts of business, family, and social demands. It creates atmosphere for quiet consideration of vital things and eternal truths.

The dread of monotony is dispelled with healthy relaxations. During the recreation periods the men chat, smoke, and engage in various sports. The food in the dining room is always plentiful and appetizing. The privacy of one's own room gives a man plenty of time to rest, to read and to do a bit of serious thinking. Far from being dull, a retreat is one of the most varied experiences a man can enjoy.

The schedule calls for the arrival at the Monastery Friday evening at 6 o'clock in time for supper and concludes on Sunday evening at 6 o'clock. The retreat house has accommodations for forty-five men. Reservations should be made in advance with the promoters listed above or with the Rev. Retreat Director, Stadium 6080.

Non-catholic men are cordially invited.

There is to be a lecture and moving pictures at G. A. R. hall on Tuesday, Feb. 13 at 8.30 p. m., to which all are invited.

## Local Resident Files Intentions

Marriage intentions were filed yesterday at the office of Town Clerk E. Caroline Pierce by Stephen Gosdarian, of 121 Var-num st., Arlington and Sylvia Sarkisian, of 230 Chestnut st., Chelsea.

## Bulletin News

### OLD TAVERN BURNED

**NORTH BILLERICA** — Low temperatures handicapped Billerica and Lowell firemen in fighting a three-hour fire yesterday afternoon which destroyed the Old Tavern Block, drove five families into the cold streets, and threatened the Talbot Mills, across the street and a filling station next to the burned structure. Losses were estimated at \$20,000.

### TO CUT ALIEN'S FEES

**WASHINGTON** — Two bills, which would reduce by 50 per cent the fees required under naturalization and immigration laws for naturalization and registry of aliens were presented to the Senate yesterday by Senator Walsh of Massachusetts.

His measures would reduce from \$20 to \$10 the fee which an alien who entered the country before June 23, 1921, and of whose arrival no record was found, would have to pay for a certificate of registry.

He also would cut from \$5 to \$2.50 each the fees for a certificate of arrival and for filing of declaration of intentions; the fee for filing and docketing petition for citizenship would be dropped from \$15 to \$5, and the fees for new certificates would be cut from \$10 to \$5.

### PLANES MOVING GOLD

**LONDON**—Gold estimated to worth more than £5,000,000 (\$24,825,000 at yesterday's closing rate) was landed in London during an unprecedented gold rush by airplane from the Continent. The greater part of the yellow metal was believed ultimately destined for the United States.

The planes—10 or 12 of them—almost fell over each other in landing, so closely spaced were the machines in a race with time to arrive while the light was still good. They carried about 20 tons of the precious cargo. One of the first to arrive turned about after unloading and started hurriedly for Paris with the hope of being able to bring another cargo to Croydon airport before dark.

Most of the gold was from France, but the Netherlands contributed a quantity aboard a giant plane which started the day's rush, believed to be the biggest on record.

## DOG WARNS FAMILY OF FIRE IN HOME

Eight persons were driven out into the sub-zero weather yesterday morning by a fire in a two-family house, 351 and 353 Massachusetts ave., East Lexington.

The house is occupied on the lower floor by Mr. and Mrs. William H. Pike and their daughter, Barbara, and on the second floor by Mr. and Mrs. Edwin Rynes and three children, Fran, 6, Carolyn, 3, and Beverly 1.

Early yesterday morning the Pike family was aroused by the continued barking of their dog, Peggy. Mrs. Pike was the first to get up and found the lower floor fast filling with smoke. Mr. Pike rushed to the other apartment and aroused the Rynes family. All got out and into a neighbor's house in scanty attire.

Patrolmen Forrest Knapp and Frank T. Neil Jr., were passing in the police cruising car and saw the thick smoke coming from the house. While Knapp went to send in an alarm, Neil aided in getting the Rynes children out, carrying out the youngest one.

The fire started in some papers and rubbish in the cellar and was confined to that section. The heavy smoke filled the house. After a time the families were able to return. Damage was estimated at \$1000.

## Is Injured In Auto Crash

Mary Householder, of 137 Mystic st. was slightly injured yesterday afternoon when struck by an auto operated by Walter J. McLean, of 240 Mystic Valley pkwy. The accident happened on Broadway near Alton st. McLean took the victim to the office of Dr. Pratt and she was later removed to her home after receiving medical attention.

## Beckler Funeral Held Yesterday

The funeral of Miss Caroline M. Becker was held yesterday with burial in Mt. Auburn Cemetery, Watertown. Miss Becker died at her home, 18 Park circle, last Sunday. She was seventy-four years of age and had lived in Arlington one year. She was born in Boston, the daughter of Charles M. and Cordelia (Loring) Becker.

## Roche Funeral To Be Tomorrow

The funeral of Catherine Roche will take place from her late home, 9 Lewis ave tomorrow morning with a solemn high mass of requiem, at St. A. Roche died suddenly at her home last Monday. She was seventy-six years of age and had been a resident of Arlington for seven years. She was born in Ireland of M. and Honora Horrigan. Mrs. Roche was the widow of the late James Roche.

## WEATHER

Today cloudy, with probably snow flurries, gentle & moderate northerly winds; tomorrow fair and continued cold.

"Spread Sunshine and Safety"

### Daddy Sunshine Club Rules

1. Be kind and helpful to others.
2. Look both ways when crossing streets.
3. Always be kind to dumb animals.
4. Write a letter to Daddy Sunshine, or have Mother or Dad write it for you, every now and then.
5. Try to bring a "Ray of Sunshine" into the lives of your parents and others every day of the week and every week of the year.

These rules are not very difficult for good girls and boys to keep. Most of them are kept by them anyway.

Mail your letters and stories to Daddy Sunshine, in care of this paper. He will answer them in the Daddy Sunshine column.

Write on but one side of the paper, and place your age and address on the letter after your name. Give the day, month and year of your birth.

To join the club all you have to do is promise to keep the rules—and keep them.

### A VALENTINE

There's a printing plant in Medford  
Equipped for every need  
Where all requests are honored  
With neatness and with speed.

Your choice of invitations  
And cards that advertise  
Incurs no limitations  
The service satisfies.

It prints the local paper  
The Medford Mercury  
That strives each day to offer  
The news effectively.

Employees in the office  
Or where the presses run  
Responsive are to business  
And courteous, each one.

We pause a bit to wonder;  
These friends of yours and mine—  
Will their hearts mildly flutter  
Anent this Valentine?

—Sunshine Jerry

### GIVES TIMELY WARNING

Dear Daddy Sunshine:

I have been very interested in your column every right, and I also love to write letters and other sorts of information. You have fixed many a mistake in my letters, and so forth, that I have sent to you.

May I warn the members of our club to keep away from the pit in back of the Friend Lumbar company especially when the ice on. That pit is not safe at this time of the season.

Don't you think that is a fair warning at this time, Daddy?

Robert Oliver

Yes, Robert, Daddy Sunshine thinks your warning is very timely. The pit has always proved treacherous, particularly at a time when it is thought safe. Just for a little fun a child is foolish to take such a chance as to play there. He may get away with it for a long time but there is no telling just where danger is lurking at that pit. Hope, Robert, you will write again soon.

### THREE SISTERS AND A BROTHER JOIN CLUB

Dear Daddy Sunshine:

I would like to be a member of your club. I always wanted to write, but never had time. I am 13 years old and will be 14 next May. I was born 1920. Will you please send a pin? And I have two sisters who would like to belong, and a brother. One sister is named Carmela M., and Lillian L. and Patrick C. Russo.

My sisters were born in March, and brother in October, Carmela is eleven, Lillian is nine, and my brother is 6 years old.

They will soon write to you. We will all be at the Medford Women's club Feb. 23rd. I will be waiting for my letter in the kolumn. And we will obey all the rules. I have some riddles here for you.

What has four fingers and a thumb and can't beat a drum?

What is red and round and no windows, no doors and a star inside?

There was a man that worked six days. He got two dollars a day, and spent a dollar a day for food. How much did he get at the end of the week?

A new member,  
Angelina Russo

Daddy Sunshine welcomes you Angelina, your two sisters and your brother, into the club. He is

certain he will hear from you all from time to time, and will look forward to meeting you on Washington's Birthday afternoon at the Women's clubhouse where many of the members will be in attendance at the big party. You are at liberty to invite as many friends as you want. A small fee of 15 cents will be charged to help cover expenses. Daddy Sunshine will send you pins just as soon as he is able to get some.

### 16 MOTOR DEATHS

BOSTON—Sixteen were killed in motor accidents last week. Registrar Ryan said the real cause of accidents on icy roads is motorists driving fast on wet, slippery surfaces as they would on dry roads in fair, summer weather.

Ryan asserted that in the total of 16 killed were fewer children and pedestrians, which he attributed to the weather. More motorists, were involved in accidents resulting from skidding, while pedestrians and children were more careful while outdoors, he said.

Deaths so far this year are 147 compared with 151 for the same period last year. The registrar reported that 49 drivers were convicted of driving while under the influence of liquor.

### B. A. A. GAMES TO FURNISH GOOD RELAYS

All of those who shone so brilliantly in the games of the Millrose A. A. in New York last Saturday night, Cunningham, Venzke, Bonthron, Spitz, McCafferty, Adams, Dawson, Manger, Crowley, McCluskey, Kannally, Brown, Thompson, Pierce, as well as other world famous athletes, will strive for the laurels in the 45th annual games of the Boston A. A. in the Boston Garden next Saturday night.

Harvard and Yale meet in both freshman and varsity relay duals. Princeton measures strides with M. I. T. and New York University in another race. Other relays which will attract interest are Brown vs Bowdoin, Holy Cross vs Boston College, New York A. C. vs Boston A. A., Bates vs Rhode Island and Middlebury, Worcester Poly vs Colby, Amherst vs Springfield and Northeastern, Williams vs New Hampshire, Tufts vs Mass. State and Boston University, Andover vs Huntington and an inter-collegiate two-mile relay in which the flying fours of Dartmouth, Harvard, Holy Cross, Boston College, Bates, New York University, Bowdoin, Colby, M. I. T. and New Hampshire are entered.

This is the view of the scientists and not of the writer. In our athletic heyday, not so long ago, track fans used to say that Joie Ray was probably the greatest miler we would ever see. Yet many have got under mark, and 4:20 is a very ordinary mile today. How many of the experts who lined up to witness Billy Bonthron and Jack Lovelock expected to see them reel off a mile under 4:07 that memorable day? And now we have the optimistic boys expecting a 4:06 or even a 4:04 mile.

### Will Rogers Picks A Story For This Spot

By WILL ROGERS

A GUY from Chicago got a job on a big estate in California. He told the manager he'd been used to

the great outdoors and had had four hundred men under him where he worked in Chicago.

But it turned out that the guy didn't know anything about a ranch nor about horses nor tractors nor nothing. So the manager says, just for a bluff, "Say, Slade, you're fired for lying to me when you got your job. You said you had four hundred men under you in Chicago, and I just found out you never did."

"Well, boss," he says, "I never lied to you. That was a cemetery I worked in there in Chicago."

(American News Features, Inc.)

## Chocolate Works Wonders With Simple Desserts

As a help in planning daily desserts, chocolate has long been a boon to housewives. To such simple desserts as steamed or cottage pudding, tapioca or custard, chocolate brings a new appeal. And, for good measure, chocolate also adds considerable food value to these desserts—an important consideration when winter winds blow.

### Steamed Chocolate Pudding

2 cups sifted cake flour  
2 teaspoons double-action baking powder  
¼ teaspoon soda  
¼ teaspoon salt  
¼ cup butter or other shortening  
¼ cup sugar  
1 egg, well beaten  
3 squares unsweetened chocolate, melted  
1½ cups milk  
Sift flour once, measure, add baking powder, soda, and salt, and sift together three times. Cream butter, add sugar gradually, and cream together thoroughly. Add egg and chocolate, beating until smooth. Add flour, alternately with milk, a small amount at a time. Beat well after each addition. Turn into greased mold, cover, and steam 2 hours. Serve hot with hard sauce. Garnish with whipped cream, if desired. Serves 10.

### Baked Chocolate Custard

2 squares unsweetened chocolate  
4 cups milk

4 eggs, slightly beaten  
¾ cup sugar  
¼ teaspoon salt  
1 teaspoon vanilla

Add chocolate to milk and heat in double boiler. When chocolate is melted, beat with rotary egg beater until blended. Combine eggs, sugar, and salt; add chocolate mixture gradually, stirring until sugar is dissolved. Add vanilla and pour into custard cups. Place in pan of hot water and bake in slow oven (325° F.) 1 hour, or until knife inserted comes out clean. (Water in pan should not reach boiling temperature.) Chill. Unmold and serve with cream, if desired. Serves 8.

### Chocolate Rice Pudding

1 square unsweetened chocolate, cut in pieces  
3 cups milk  
4 tablespoons rice  
¼ cup sugar  
¼ teaspoon salt  
½ teaspoon vanilla

Add chocolate to milk in double boiler and heat. When chocolate is melted, beat with rotary egg beater until blended. Add rice gradually, then add sugar and salt, and cook 1½ to 1½ hours longer, or until rice is soft, stirring occasionally. Cool; add vanilla. Chill. Serve garnished with fruit, or with plain or whipped cream. Serves 4.

## With The Horses

By WADE S. HERVEY

Saturday night at the Commonwealth Armory the Candlewoods, leading team of the Boston Indoor Polo League meet the leading team of the Metropolitan League of New York which is made up of the First Division trio of the Regular Army, stationed at Fort Hamilton. This is the game that has long been anticipated by Boston polo fans and bring a 9 goal team, as is Candlewood, the play will be on the flat.

The New York team comprises Major Charles B. Lyman at No. 1, Lieutenant Alex George at No. 2, and Lieutenant Homer Kiefer at back. Kiefer is the star of the New Yorkers and handicapped at five goals. George is rated at three goals and Major Lyman is a one goal man. This trio is a colorful, hard-riding outfit and made all sit up and take notice this season in the Metropolitan League. They bring their own ponies for this match and will not be handicapped by riding strange mounts.

Candlewood will comprise of Albert Burrage, at No. 1, with a handicap of four goals, Dudley Milliken, at No. 2, with three goals and Newbegin, the back, with two. This aggregation leads the Boston tournament in spite of their defeat last Saturday night at the hands of Harvard.

This game was one of the best seen in Boston this season with Candlewood going into the last chukker leading 6-3 1-2 and apparently headed for its third straight victory. Harvard staged a rally, however, and making five goals gained a 8 1-2-7 1-2 victory. It was just as the bell rung that Al Dillingham, that brilliant Harvard ace, made the fifth goal which meant victory for his team and defeat for Candlewood.

The second game of the evening, in Class B competition, saw the 110th. Cavalry run away from the Medford Ramblers to the tune of 9-2. The local team was not up to usual form and plainly showed the strain of two days of traveling over snow drifted roads to Northfield, Vt., where they defeated the fast Nor-

wich University trio 17-13 1-2, Friday afternoon.

The Norwich game was the first of several out of the State games to be played by the Ramblers and was one of the features of the winter carnival held annually at the school. The Medford trio comprised Wesley Dennis No. 1, Ralph Symmes No. 2 and Leo Boyle at back. There was no outstanding play with Medford standing out as a splendid example of team play as a unit.

### SYMME'S TEAMS FEATURE SUNDAY POLO MATCHES

Two fast, hard ridden games featured the usual Sunday afternoon polo exhibition games at the Good Polo Rink this weekend with both games to the credit of the Symmes Riding School.

The first game saw a duo comprised of Ralph Symmes and Capt. Roland Mangini (110th Calvary) win 22-11 from Boyle and Good paired for the Good School. Symmes featured for his team, bringing in thirteen of the twenty two goals, while Leo Boyle starred for the losers.

In the second game Albion (Cadillac Autos) Danforth paired with John Wesley Dennis proved to be runner-up to the Symmes School second team represented by Cliff Miller and Bill Tower. Tower was taken out of the game in the second chukker, due to a slight injury, and Tom Sullivan who took his place collected ten of his team's fifteen goals the rest going to Miller who played his usual conservative game. Dennis featured for the losers when he made four of the five goals.

### ROTARY CLUB REPRESENTED IN NOVICE POLO

With several of its members developing into budding Tommy Hitchcocks it is understood that the Rotary Club will have a delegation on hand this evening, at the Symmes Indoor Polo Rink, to lend moral support to the boys.

It is said that a quartet is prepared to render Henry Lattime's theme song (The Last Round-up) and many of the committee are practicing the Bronx cheer for Symmes, Gaffey and Fred Russell.

With material like the above to work with, who can say that perhaps some day the Medford Rotary Club will have the first all-Rotary polo team in all the world. Truly the boys need a boost.

### SCIENCE SETS LIMIT ON 100-YD SPRINT

Scientists have been studying the 100-yard dash, with a view to finding whether there is any definite physical limitation as to how fast it might possibly be run by a sprinter. Their decision is that it is impossible for a human being to run 100 yards faster than 9 1-2 seconds, the mark set by Edward Tolan in 1929.

A similar verdict was given in England forty years ago when it was decided on the basis of scientific studies that no human being could possibly do better than 10 seconds flat. Arthur Duffy confounded the scientists in 1903, when he ran 100 yards in 9 3-5. Tolan broke Duffy's record 26 years later, and Ralph Metcalfe equalled Tolan's performance two years ago.

According to the scientists, the speed of a runner in the 100-yard is almost entirely dependent on his start. The runner must leave his mark with the very flash of the starting gun or he cannot hope to come anywhere near a record. The champion sprinter, therefore, is one who can unleash an enormous burst of energy for a short time.

In the 220-yard dash, much the same rules apply, although the start is not quite so important. The record for this stands at 20 2-5 seconds, made by Metcalfe in 1932.

## RHEUMATISM? LIVER TROUBLE? CONSTIPATION?

For generations thousands of people have come to Carlsbad, Czechoslovakia, to take the CARLSBAD CURE in the treatment of the many ills that follow constipation—stomach, kidney, liver and rheumatism complaints. You can very easily get the benefit of the CARLSBAD CURE right in your own home, by taking a daily teaspoonful of CARLSBAD SPRUDEL SALT in a glass of water. CARLSBAD SPRUDEL SALT is a natural product, evaporated from the waters of the 500 year old historic springs in Carlsbad. Made for you by Mother Nature, CARLSBAD SPRUDEL SALT has been sold by reliable druggists for 50 years. NEVER TAKE MANUFACTURED SALTS. Your body deserves the best. Buy a bottle of genuine CARLSBAD SPRUDEL SALT today, concentrated for true economy.

## the COMMUNITY'S EXPRESS need

From morn' till night—all day long—highways and city streets are buzzing with fast express trucks—rushing new merchandise or reorders from the manufacturer and wholesaler to the stores where you shop. Express trucks are a vital part of modern merchandising methods because the store owner depends on them as carriers to bring in his timely goods—new styles, foodstuffs, reorders, supplies—all that he may have what you want when you step into his store. And as your buy-

### High Spots in Business

The hardware business enjoyed the best volume since 1930. Some stores reported selling 40% in excess of 1932 period.

N. Y. Times reports retail trade active in all key centers of the country—many reporting the heaviest trading in years.

ing increases (according to records, retail sales are greater and greater) the expressmen are kept busy, more expressmen are given employment, more trucks are bought, the maintenance men are kept busy, gas, tires, supplies—and so on—all from the purchases which you made. And don't forget the express speed with which the delivery truck delivers that purchase to your door. More trucks of another kind—more men at work.

Your buying is doing its part!

## OUR BUSINESS FUTURE

Financial news services just now are emphasizing the fact that business since the first of the year seems to be making more than seasonal gains and this is taken to presage an even greater upturn in the spring. Everyone will devoutly hope that this prediction is to be realized. It will be wise, however, to temper our optimism with a note of caution just at this time.

This is not taken to mean that we should be pessimistic, but that we ought not permit our hopefulness to rise to the point where we are involved in speculation if things do not turn out quite so rosy as some of the prognosticators are predicting. The reason for making this statement is that no financial expert can be sure just how much of this increased business we are now getting is due to the millions in government money being poured out in the country through relief jobs. During January money was being expended at the rate of fifteen billions a year. This temporarily increases the buying power, but unless it primes the pump of private industry there may be another reaction when the government spending slows up, as it must do some time in the future.

The greatest reason for long time optimism now is not the government relief program but the fact that there is a world-wide improvement of business and that few depressions fail to reach the bottom at the end of four years and we have now passed that period.

The situation is strikingly summed up by Frank R. Kent, noted newspaper writer, in the Baltimore Sun, one of the leading Democratic newspapers of the country, as follows:

"The truth is that at this time the whole country is buoyed up by government money. The great bulk of its business is being done on government money. The great bulk of the re-employed are on the government payroll. The railroads are financed by the government; thousands of banks are being upheld by government loans; corporations, municipalities and states themselves are functioning on government funds.

"There is practically no purely private work being done. All the contracts are government contracts. The farmers have received hundreds of millions of Treasury cash, and the Civil Works payroll is now upward of \$60,000,000 a week.

"This stream of federal cash has been pouring out for months. This year it will be greater and the flow faster. Naturally, it is impossible that while the flood continues business should not be stimulated, unemployment reduced and distress relieved. The point is however, that the government is doing it all, and it cannot last forever. The time must come when the deficit and debt limit is reached. The President fixes that date in 1936. Then, he hopes, private business will have its initiative restored and the government be able to shut off the stream and save itself.

"There are those who think it can and those who think it cannot. One school believes that, by 1936, the world recovery, plus crop shortage, will have placed both industry and agriculture on their feet; that private concerns will employ those now on the dole and business generally be able to get along without the government billions.

"The other school believes the government will not be able to retrench; that the billions for farmers, unemployed, banks, railroads and contractors will continue to be demanded; that the administration is committed; that private industry which the administration is committed; that private industry will not absorb those now on the federal payroll; that inflation is the only answer. At any rate, it will be comforting to most people that the Supreme Court has not dealt a crippling blow to the experiments before we know which is right."

## Income Tax in A Nutshell

WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$5,000 or more must file returns.

WHEN? The filing period begins January 1 and ends March 15, 1934.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? See instructions on forms 1040A and 1040.

WHAT? Four per cent normal tax on the first \$4,000 in excess of the personal exemption and credits. Eight per cent normal tax on the balance of net income. Surtax on net income in excess of \$6,000.

## Income Tax Don'ts

DON'T prepare your return without first studying the instructions on the form.

DON'T procrastinate. Early assembling of data permits a careful consideration of all tax problems.

DON'T destroy the memoranda from which your return was prepared.

DON'T omit explanation when such information is essential to an intelligent audit. Attach memoranda to your return.

## YOUR INCOME TAX No. 3

## WHO MUST FILE RETURNS

Returns are required of every single person who for the year 1933 had a gross income of \$5,000 or more or a net income of \$1,000 or more and of every husband and wife living together who for the year 1933 had an aggregate gross income of \$5,000 or more or an aggregate net income of \$2,500 or more. Widowers, widows, divorcees, and married persons separated by mutual consent are classed as single persons. The personal exemptions are \$1,000 for single persons and \$2,500 for married persons living together and for heads of families.

Husband and wife living together may make separate returns of the income of each, or their income may be included in a single joint return. If separate returns are filed, one may not report income which belongs to the other, but must report only the income which actually belongs to him. If a joint return is filed, such return is treated as a taxable unit, and the income disclosed is subject to both the normal tax and the surtax.

Husband and wife may elect each year whether to file a joint return or separate returns. Where, however, joint or separate returns have been filed for a particular year, neither husband nor wife may after the due date of the return file an amended return or returns on a different basis for that year.

## PROSPECTS OF SPRING SALES GIVE FRESH SPURT TO INDUSTRY

Depleted stocks in stores throughout the country and the prospects of a healthy spring trade were seen today as fundamental factors in adding fresh impetus to the industrial activity of the country.

The National Retail Dry Goods Association, department and specialty store trade association declared in a statement that "gaps in merchandise stocks caused by the spurt in December sales and unexpected gains in early January are being filled by substantial purchases in the wholesale markets" and "millions of dollars of new merchandise will be bought for resale by the middle of February."

The Association found that in almost every instance stores were facing the spring season with thinned merchandise reserves and that the larger stocks of staple merchandise bought last July and August in advance of price increases last fall are now practically sold out.

"The heavy purchase of stocks last summer was an unnatural and temporary stimulus to the manufacturing and producing industries", the N. R. D. G. A. reported. "The slight let-down in October and November was a logical result of this movement. Now that these stocks have been largely exhausted, the producing industries can look forward to a more natural and steady flow of production through the Spring."

### Attitude Optimistic

"Retailers generally have an optimistic attitude toward store sales this Spring. The after Christmas recession in buying has not been nearly so great as might have been expected, and department and specialty stores almost everywhere will show considerably increased sales for January 1934 as compared with January 1933—ranging, it is estimated, from 9 per cent to 35 per cent in different localities."

The Association quoted the prediction of P. A. O'Connell, President, E. T. Slattery Company, Boston, and a past President of the organization, that retail sales for the first three months of 1934 would show a 25 per cent increase over the first quarter of 1933, taken on a country-wide basis.

"The immediate proof of improved business together with the encouraging elements in the national picture the spending to be created by government projects in the arriving months and the prospects of a return to the 1926 level of prices, to mention but two of them are causing merchants to enter the market with larger orders than would otherwise be the case", the Association said.

"There has been a considerable increase in the number of buyers in the New York market since the first of the year. This means that stores are not only more ready to buy, but that the improved sales in recent weeks make it possible for them to maintain wider contacts in the market. At one buying office, for example, 1200 buyers registered within two weeks, the highest total in several years."

"Spring merchandise is being bought in good quantity at the present moment. Commitments on staple lines are being made gradually. However, there is none of the speculative buying so much in evidence last summer, and buyers are ordering merchandise conservatively—from 30 to 90 days ahead. Merchants at this time feel it unwise to tie up their capital in long range buying and there is a feeling that prices will not ascend much above the present levels for at least some time."

"Increased sales will directly benefit advertising. During recent months advertising has followed the curve of sales closely. For the first quarter of the year advertising budgets have been expanded to care for 16 per cent

to 15 p. c. rise in sales, and they will be further enlarged if business warrants it."

### Easter Sales

"The arrival of Easter on April 1 will stimulate interest in Spring merchandise several weeks earlier than last year. Easter purchases will all have been made by the end of March, leaving two full months for extending the sale of Spring merchandise. Thus, stores generally will not go into post-Easter clearances—eliminating an unprofitable practice heretofore widely employed."

Without directly mentioning the gold stabilization act, the Association said that any and all responsible efforts to bring prices up to the 1926 level were praiseworthy.

"The government as well as every last merchant, knows that without a return to a normal level of prices, in which the distributing system, industry and labor may all receive a fair share of benefit—complete and permanent recovery is impossible."

"As a reflection of the manufacturing and distributing costs under the N. R. A. prices have risen in a moderate and fair degree. That the retailer has not been a profiteer was demonstrated at hearings on prices in Washington recently. Retailers came away with a clean bill of health."

"Prices will remain approximately the same or be moderately higher on Spring merchandise. Merchants are unable to sell their goods at the same prices which prevailed last summer when they stocked heavily in advance in many lines. The extremely competitive nature of retailing, however, will prevent these prices from advancing beyond a fair and justified line."

"From almost every angle the outlook for the Spring of 1934 is more cheerful than in any year since 1929. We will certainly not be faced with a disruption in the banking system as last March. Primed by funds from government work projects,—factories and transportation lines will be more active than last January and February. Benefits to agriculture can be expected to extend. All this stimulus to purchasing power will be mirrored in increases in store sales."

## In "Highball" Case

State's star witness in the trial of Dr. Sarah Ruth Dean at Greenwood, Miss., is Dr. Barney Kennedy, brother of Dr. John P. Kennedy, whom Dr. Dean is accused of killing with poisoned highball. He is one of the persons to whom the victim is said to have made deathbed statement accusing Dr. Dean.

# FEATURES FOR THE FAMILY

## Rockefeller Romance Reported

Close friends of the Rockefeller family say that the engagement of Winthrop Rockefeller (inset), youngest son of John D. Rockefeller, Jr., to Miss Elizabeth Shallcross (above), is due to be formally announced in the Spring. Miss Shallcross is the daughter of Mr. and Mrs. Cecil Fleetwood Shallcross, of New York. She is 20. Young Rockefeller is 22.

## Starring in London Divorce

Sensation was caused in both London and Hollywood by filing of divorce suit by Lord Ashley, heir of the ninth Earl of Shaftesbury, in the English capital. Sealed copies of the petition were ordered served on Lady Ashley (left) and Douglas Fairbanks, Sr. (above), American film star and estranged husband of Mary Pickford, who announced recently she would seek divorce.

## In Senate Race

Thomas F. Conway, former Lieutenant Governor of New York, who is being boomed for the Democratic Senatorial nomination to oppose Senator Royal S. Copeland for reelection. Conway is believed to have the support of the Roosevelt Administration.

## Holy City Under Snow Blanket

An unusual panoramic view of Jerusalem, which, although situated in a sub-tropical climate, is shown under a blanket of snow. The Holy City is 2,700 feet above sea level, which accounts for the severe winters. In center can be seen the snow-covered Dome of the Rock, also known as the Mosque of Omar.

## May Protest Ban on Ladybirds at Air Races

A revival of the old controversy in American aviation, as to whether women fliers are being discriminated against, is expected to result from the barring of women fliers from the air races at New Orleans, held in conjunction with the Mardi Gras. Officials allege ladybirds are lukewarm to competition, and Cliff Henderson, managing director of the meet, says frankly that there is no more place for a woman in air races than there is for her in the Indianapolis auto classic. Among our prominent ladybirds who are expected to differ with Henderson are Mrs. Frances Marsalis and Louise Thaden, former holders of endurance record, Gladys O'Donnell and May Haizlip, speed fliers, who could give many men pilots a head start and beat them, and Amelia Earhart, whose feat in crossing the Atlantic twice—once alone—has been duplicated by few men.

## Husband Gave Her Five Black Eyes—Divorced

Mrs. Grace M. Brown of 320 Felleway West, Medford, obtained a divorce from Frank W. Brown,

an undertaker, of 284 Meridian st, East Boston, in the Middlesex probate court yesterday afternoon, after she had told Judge Arthur E. Beane that she had received at least five black eyes in 14 years of married life. He struck her one night, she said, and her face was so sore she couldn't eat breakfast the next morning.

Mrs. Brown testified she

married Brown in Nashua, N. H., June 20, 1921, and was separated from him last November. She said some times he would leave home in the morning and not come back for two or three days and that when she asked him where he had been he would reply:

"I've been places."

Her action was not contested.

Nowadays.

### Flowering Hedges To Edge Walks

Low hedges of strong-growing annuals to be planted along walks, particularly between walks and fences, such long narrow strips of frequent occurrence in the back yards of town lots, have become very popular since their ease of growth and culture have become known.

A long narrow bed, dug the length of the walk and on either side of it, offers a fine opportunity for ornamental planting, while making the mowing of the lawn much easier by getting away from the edge of the walk. For these hedges there are several annuals which are ideally adapted. Four o'clocks make miniature round-topped trees, with dense foliage studded each evening with scores of their salvers of various dainty colors. The old-fashioned balsam, pinched back early in its growth, gives a beau-

tiful display of its double bloom in attractive coloring for the greater part of the summer.

The dwarf French marigolds likewise form a regular, thick-foliated dwarf hedge, covered with myriads of velvety, yellow, orange and mahogany red bloom. The fire plant, *Kochia*, is so much used for this purpose that it has become almost too common, but its foliage is always attractive, either in its early-season brilliant green or the later scarlet.

Zinnias make a beautiful flowering hedge and grow tall enough to make a more impressive line than the plants previously mentioned. In addition, they furnish a wealth of material for bouquets for the house.

Plan this year to decorate the back yard walk. A bed a foot wide along the walk will produce remarkable results in the way of bloom, if given only a little attention in the way of weeding, fertilization and cultivation during the year.

## Did You Ever Stop To Think

by  
Edson R. White

F. L. Yates, Publisher of The Sheridan (Wyo.) Pioneer, says: "Did you ever stop to think how we know what we are buying? How we know what Del Monte tomatoes look like unless we see their picture. It isn't enough to hear about them. How do we know a Ford from a Chevrolet? Certainly the prices don't tell us. The pictures of the cars do."

"A lovely pair of sheer hose—a smart brand of perfume—a fur coat and an ice box—to completely satisfy the buyer must be seen. Descriptions alone don't turn the trick. Prices tell only part of the story."

"And don't forget that what is written need never be lost. What we hear we forget. What flickers before our eyes on a silver screen is relegated to an uncertain memory. But what is in black and white can always be referred to, looked at, studied and judged. Newspaper advertising is a vital, component part of selling anything."

## Bill Bullock Stands Out At Academy

William Bullock, son of Mr. and Mrs. Thomas A. Bullock of 39 Fairmont st., Arlington, a student at Bridgton Academy is proving to be one of the outstanding members of the student body. "Bill", as he is known to his fellow students, made his letter in football last fall, he has won a place on the school honor roll for the last three times it has been published, was one of the principal characters in the school operetta and was one of the mainstays of the hockey team before an injured hand forced him to the sidelines.

Bullock's being on the honor roll is quite an honor in itself as it is really unusual for such an outstanding athlete to win a place of prominence on this list of outstanding scholars. But while in high school at Arlington he was always well up in his studies and did very well for himself in athletics.

He played guard in football for two years, was defense and center on the hockey team for three years, the last winter of which he was chosen All-Mystic by his neighboring papers and All-Scholastic by the Boston Globe. Besides these sports he competed in the mile run his senior year and was on the swimming team for two years.

He was prominent in dramatics while in high school, was a member of the student council, one of the school traffic officers and a singer in the Arlington High School Glee clubs. He is continuing his singing at Bridgton and successfully too. He sang one of the principal parts in the Operetta the H. M. S. Pinafore which was presented before the 1934 meeting of the Massachusetts Bridgton Academy Alumni Association held in Boston on Jan. 19 at the University club.

## ANDOVER TRACK MEET COMING ON FEB. 24

Phillips Academy Athletic Association announces that its 10th indoor athletic meet will be held on Saturday afternoon, February 24, at two o'clock in the Case Memorial Building. The meet is open to all the public schools in Massachusetts. Medford High has already entered the meet, which is probably rated as the outstanding schoolboy meet of the season for action.

The events, all scratch, will be the 40-yd low hurdles, three flights, 2 ft. 6 in. each; the 10-yd dash, the "300", "600", and "1000" 12-lb shotput, standing broad jump; running high jump, and relay, with two teams in each race, two laps for each man, or a total of 305 yards per man. All entries must be in the mail by Saturday, February 17.

Gold, silver and bronze medals will be awarded the winners of first, second and third places in each event, and gold medals to each member of any winning relay team. A silver shield will be given to the team scoring the greatest number of points. Points will be scored on the 5, 3, 2, 1 basis and three extra points will be awarded to the school whose member, or relay team, betters a meet record.

Each school may compete three men in each event, except in the 300-yd run, in which event but two men from each school may run. Divisions will be run in the "600" and "1000", prizes to be awarded according to the times made. First, second, third and fourth man will be timed in each heat. Outdoor running shoes may be used as the meet is held on the indoor dirt track.

## New Navy Mentor

Lieutenant Thomas J. Hamilton, backfield star of the Navy's great football team of 1926, who has been appointed head coach of the Annapolis grid squad. He succeeds Edgar "Rip" Miller, who was Navy's mentor for the past three seasons and who now takes job of head line coach.

## TODAY'S RECIPE

### Oven Pot-Roast of Beef

3 or 4 pounds rolled beef chuck or rump  
2 tablespoons beef fat  
1 large or 2 medium carrots  
1 large onion  
1 thick slice rye bread  
3-4 cup tomato puree  
2 tablespoons chopped parsley  
1-2 cup celery, diced  
1 cup hot water  
Salt and pepper  
Paprika  
Heat beef fat in a heavy kettle. Brown the rolled chuck or rump on all sides, also the sliced onion, chopped parsley and celery. When well browned add the carrots, tomato puree and hot water. Season with salt, pepper, and paprika. Cover tightly and place in a moderate oven (350 degrees F.) and bake. During the last hour of cooking, add the crumbled rye bread, and more moisture, if necessary.

## Held in Slaying

Mrs. Mabel Balke, 33-year-old widow, of Wabash, Ind., who is held by Indianapolis police on charge of complicity in the slaying of the Rev. Gaylord Saunders, M. E. pastor. The victim's widow, Mrs. Naomi Saunders, and Theodore Mathers, embalming student, are charged with the murder.

## "Double Door" To Be Featured At Plymouth Theatre

"Double Door" which for six months this season gave New Yorkers their biggest dramatic thrill of the year, will come to the Plymouth Theatre, Boston, for an engagement of two weeks, opening Monday evening, Feb. 12.

"Double Door" is a shrewd piece of theatrical craftsmanship from the pen of Elizabeth McFadden and has exceptional dramatic powers.

Whether or not, the author denies it, it is generally believed that the story was inspired by the Wendel family, long one of the most eccentric families in New York—what with its secluded house where metropolitan units were the highest—what with all the queer things the Wendels did and all the queer ideas the Wendels had.

In "Double Door" a family named Van Bret parallels with the Wendel family, and Victoria Van Bret, the oldest sister, rules her youngest sister and her step-brother with an iron hand. When brother marries a girl whom Victoria disapproves of, she makes up her mind to break it up. She resorts to every means, even attempts murder to satisfy her ends, for to her, family name and wealth justifies every effort.

The role of Victoria Van Bret is one of the heaviest assignments that can be given an actress. It requires tremendous nervous energy, for the fiendishness of the character must be projected across the footlights by sheer force of will and not merely by word or gesture. Mary Morris, who portrays this role, has received honorary mention by several New York critics as giving one of the greatest characterizations seen in the theatre in recent years. Anne Revere is superb as the frightened Caroline and the entire cast, including Thelma Paige, Granville Bates, Ernest Woodward, Frothingham Lysons, George Quinby, and others, give excellent account of themselves.

The costumes are rich and colorful, true of the time and place, Fifth ave. in 1910. The setting completely bespeaks the elegance to be found in and old brownstone mansion on Fifth ave.
